

Honorable Judge Martin Glenn,

I am resident of state of California and a Celsius investor. I have been trying to get my Celsius claims distribution from Stretto for over two months and have not yet received any crypto. I received non-functional Claim codes which continue to be non-functional.

All my emails get a standard response of "working on it" but never received any solid outcome.

My PayPal and Coinbase accounts are functional from multiple years and are frequently used and still their distribution has failed. No reason for distribution failure was given.

I have only received IONIC Shares but no Crypto.

Sir, Please help me in getting my crypto back from Stretto.

Thanking you in anticipation.

Regards

Amritpal Singh
